

RECEPTION

Attendees will kick off their Black Ink virtual experience at Reception. From here you can navigate the site, view a list of featured happenings, share info with participants, check out the event partners, and more.

SESSIONS

Sessions is home to all of Black Ink's virtual programs, including Saturday's keynote address. You can even set up your own schedule based on the programs you'd like to attend, or simply show up to any program in progress.

LOUNGE

This Lounge is where you can connect with other festival attendees. We've even set up different tables of interest focusing on topics like self-publishing and reader relationships. Just grab a virtual chair and start a conversation.

ARENA

Engage directly with authors and sponsors in the Arena. Learn about the works of Black Ink's featured authors, and learn more about our host and sponsors. The Black Ink Info Desk is also located in the Arena.
